Cambridge
Private

1890s

This two-and-one-half-story, three-bay house is of interest primarily for its elaborate and decorative front porch. The balustrade is made up of turned spindles, and the four front posts are topped by carved corner brackets on either side. The gallery below the dentiled cornice is executed in an interesting stick-and-ball style, rather similar to the Stick and Ball House (D-178), in Church Creek.
